### **Drug Court Produces Largest Effects for High Risk Offenders**

“The Drug Court model has been shown to have the largest effects for participants who were *relatively younger*, had more prior felony convictions, were diagnosed with antisocial personality disorder (ASPD), or had previously failed in intensive dispositions.”

The referring entity will contact the Drug Court Officer assigned to the Drug Court Program with the referral. The Drug Court Officer will first determine if the State's Attorney is in agreement with the referral. If the State objects to the referral, the Drug Court Officer will terminate the referral. If the State does not object to the referral, the Drug Court Officer will screen the defendant within 7 working days thereafter. **The State's Attorney or his designee has the absolute right to veto offender participation.**

### **SCREENING:**

Upon receipt of a referral, agreed to by the State, the Drug Court Officer shall interview the defendant in the county jail. If the defendant has posted bond, the interview shall take place at the Probation Department. The Drug Court Officer will assess each candidate and determine if he or she substantially meets the following criteria for participation in the Drug Court Program:

- 1) The defendant is an addict, substance abuser or is chemically dependant.
- 2) There is a causal relationship between the defendant's drug use and their criminality.

- 7) As part of the screening process, the Drug Court Officer will conduct a criminal history records check on the defendant.
- 8) Additional assessments such as provided by TASC, the Gateway Foundation, or others may be made at this time if the Drug Court Officer feels that it is necessary.

As part of the initial screening, the Drug Court Officer will explain to the defendant the nature and function of the Drug Court Program, and what will be required of the defendant should he or she participate in the program.

### **CONFIDENTIALITY:**

### **REPORT:**

After interviewing the drug court candidate, reviewing his or her criminal history and examining all other pertinent information, the Drug Court Officer shall prepare a written report indicating whether or not the defendant is a suitable candidate for the program. The report shall be distributed to all members of the Drug Court Team and counsel for the defendant.

### **SENTENCING:**

**Drug Court shall be held on the fourth Wednesday of each month at 2 p. m.**  
*(Must be a minimum of once every 30 days)*

Upon the completion of the Drug Court Officer's Eligibility Report, the case shall be set on the docket for the next Drug Court Date. Prior to the Hearing, the defense attorney for the case shall determine if the defendant who is a candidate for Drug Court has the following:

- A) A willingness to enter a plea of guilty to the offense and/or admit to a Petition to Revoke Probation.
- B) Waiver of right to a bench/jury trial and/or Violation of Probation Hearing.
- C) A willingness to participate in the Drug Court Program.

The Court will review the Drug Court Screening Report and the eligibility of the

defendant, advise the defendant as to the nature of the Drug Court, as well as the defendant's responsibilities, and determine the defendant's willingness to participate. The Court shall determine whether the candidate is admitted into the Drug Court Program.

**There are two ways to be considered for the Drug Court Program:**

1. When the defendant has committed a new offense for the illegal possession of methamphetamine.
2. When the defendant has violated the conditions of a previous probation sentence by the illegal possession of methamphetamine.

**The procedures for sentencing shall be as follows:**

**New Offense**

The defendant shall enter a plea of guilty to the offense. The Court shall sentence the defendant to probation and order him/her to complete the Drug Court Program. The defendant will be remanded to the county jail/detention center where he/she shall remain until there is an opening at a residential treatment facility. The defendant will be released from jail to the treatment facility where he/she will complete in-patient treatment. After completing residential treatment, the defendant may return to his/her home in the community or he/she may be referred to a half-way house. This will be evaluated on a case by case basis. A suggested treatment outline is enclosed at the end of this document (See Attachment A). It should be noted that this is a general outline that may have to be modified on a case by case basis.

### **DRUG COURT STAFF MEETING:**

The Drug Court Team will meet 30 minutes before Drug Court is scheduled to begin. The purpose of this staffing shall be to review the status of offenders currently in the program. **For these staff meetings, the Drug Court Officer shall prepare a written status report on each participant with recommendations for sanctions and/or rewards.**
